

## About Us

CardioVascular Imaging, LLC is a professionally owned and operated mobile ultrasound company based in the Tampa Bay area, that offers state-of-the-art ultrasound imaging for physicians, clinics and hospitals. We are an ICAEL accredited company meaning we are recognized for our higher standard of medical ultrasound imaging. Our team of healthcare specialists possess thorough knowledge in the field of mobile ultrasound services especially cardiovascular diagnostics.

CardioVascular Imaging is a multi-modality Ultrasound Service that provides Cardiac, Vascular and general ultrasound studies. All of our registered sonographers are certified by the American Registry for Diagnostic Medical Sonography (ARDMS) in all 3 ultrasound modalities.

We provide a service that enables you the physician to schedule and perform echocardiograms, vascular and general ultrasound tests in your office, clinic or outpatient facility for superior patient satisfaction and practice success. These are tests that you as a physician order daily, but are referring out. Our solution is to come to you in order to provide fast, convenient and professional diagnostic ultrasound imaging. Our service is designed to accommodate your office's busy schedule.

At Cardiovascular Imaging of Tampa Bay, we guarantee our mobile ultrasound services. All exams are interpreted by experienced, board-certified Radiologists and Cardiologists. We offer excellent turnaround times for finalized reports. You can count on 24 to 48 hour turnaround times on all our services and same day reports for STAT exams.
